

## ASEAN-INDIA INNOVATION PLATFORM (AIIP)

### ASEAN-India Workshop on Intellectual Property Rights & Technology Transfer 1<sup>st</sup> – 5<sup>th</sup> April, 2019 New Delhi

**Organized By**  
**NATIONAL RESEARCH DEVELOPMENT CORPORATION**  
[An Enterprise under DSIR, Ministry of Science and Technology, GOI]  
20-22, Zamroodpur Community Centre  
Kailash Colony Extension.  
New Delhi – 110048

## **Objective**

The objective of the workshop is to impart knowledge about Intellectual Property Rights in ASEAN Member State (MS) in order to promote technological growth of the nation, technology transfer process and facilitate networking between member countries.

Creativity plays a key role in building the foundation of innovation, and acts as a driving force for the growth of the nation. Thus, there is a dire need to protect the innovation, which is facilitated through Intellectual Property Right (IPR).

With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to understand and recognize the role which IP systems play in the growth of the nation. The protection of intellectual property rights (IPRs) has increasingly become an important issue in multilateral trade negotiations. NRDC is a nominated agency by DST for the development of ASEAN India Innovation Platform (AIIP) Research Innovation portal. As a part of this project NRDC proposes to conduct this workshop which will focus on IPR as an effective instrument for facilitating technology transfer through ASEAN MS.

## **About INDIA**

India is the largest country in South Asia region. Indian economy is the world's sixth largest by nominal GDP and third largest by purchasing power. Indian economy in 2017 was nominally worth US\$2.611 trillion, it is the sixth-largest economy by market exchange rates, and is, at US\$9.459 trillion.

India ranks second in terms of contribution to high-quality scientific research. India's Engineering R&D (ER&D) Globalization and Services market reached US\$ 22.3 billion in 2016 and is set to rise to US\$ 38 billion by 2020. India has a total of 25 innovation centres in the country and has been ranked as the top innovation destination in Asia and second in the world for new innovation centres.

India's world standing is 10<sup>th</sup> in patents, 6<sup>th</sup> in trademarks and 11<sup>th</sup> in Designs, this suffice that India overall stood at the 7<sup>th</sup> Rank globally in terms of IPR in the year 2017.

Indian union cabinet has also released National Intellectual Property Rights (IPR) Policy in 2016 which designs future roadmap for IPRs. It aims to create and exploit synergies between all forms of intellectual property (IP), concerned statutes and agencies.

## **About ASEAN**

ASEAN, in full Association of Southeast Asian Nations, international organization established by the governments of Indonesia, Malaysia, Philippines, Singapore, and Thailand in 1967 to accelerate economic growth, social progress, and cultural development and to promote peace and security in Southeast Asia. Brunei joined in 1984, followed by Vietnam in 1995, Laos and Myanmar in 1997, and Cambodia in 1999.

Under the banner of cooperative peace and shared prosperity, ASEAN's chief projects centre on economic cooperation, the promotion of trade among ASEAN countries and between ASEAN members and the rest of the world, and programs for joint research and technical cooperation among member governments.

To signal ASEAN's commitment to international diplomacy, human rights, and democratic values, its member countries signed the ASEAN Charter in 2007. The charter entered into force in December 2008. Among other things, the charter conferred legal personality on ASEAN, increased the frequency of ASEAN summit meetings, and established the ASEAN Intergovernmental Commission on Human Rights.

## About ASEAN-INDIA Relationship

ASEAN-India Science & Technology Collaboration formally started in 1996 with establishment of ASEAN India S&T working group (AIWGST). Initially, the collaborative S&T projects and activities between India and ASEAN were supported through ASEAN India Fund (AIF) but in 2008, a dedicated ASEAN India S&T Development Fund (AISTDF) with an equivalent amount of 1 million US \$ was established jointly by Ministry of External Affairs (MEA) and Department of Science & Technology (DST), Government of India, to support R&D projects and associated project development activities. The AISTDF was enhanced to an equivalent amount of 5 Million US\$ through an announcement by Hon'ble Prime Minister of India on sidelines of ASEAN-India Summit in Malaysia in November 2015. The ASEAN-India Innovation Platform is the major element of enhanced AISTDF.

## Key Themes of the Workshop

- Learn the basics of IPR and its role in development of ASEAN MS.
- Learn the process of technology transfer and commercialization
- Presentation by IPR experts from various prestigious Indian organizations/ institutions
- Networking between delegates of ASEAN MS
- Provide a platform to the ASEAN MS to interact with the industry, academicians, startups, researchers, policy makers etc.

## Who should attend the Workshop?

- Senior government officials from various departments like science and technology, education, MSME, etc.
- Senior Representatives of industry from sectors like Food & Agriculture, Health care, Pharma, Information Technology, ITES, Electronics, etc.
- Scientists, Research Scholars, Academicians from renowned organizations
- Intellectual property rights & technology transfer professionals

## Program Details

Date	Topic
1 <sup>st</sup> April 19	Inaugural Ceremony Session
	Invention and Innovation in Science & Technology
	Concept of Intellectual Property Rights: The context, Basics and strategic implications for ASEAN MS
	Types of Intellectual Property Rights (IPR)
2 <sup>nd</sup> April 19	International Treaties and Conventions in IPR
	Intellectual Property Rights (IPR) filing and proceedings in ASEAN MS
	Enforcement of Intellectual Property Rights
	Panel Discussion
3 <sup>rd</sup> April 19	Educational Trip
4 <sup>th</sup> April 19	Technology commercialization strategy and Licensing
	Collaborative R&D, Technology Development and Sourcing
	Opportunities in various sectors of Science & Technology in ASEAN MS
	Bilateral ties, agreements and opportunities amongst ASEAN MS's
5 <sup>th</sup> April 19	Leveraging innovation Ecosystem for Accelerating Start-ups
	Innovation Ecosystem
	Open Discussion, Feedback and Valedictory

## **Important Guidelines for Participants**
